

Teachers of the institution use ICT tools to make the teaching- learning process effective, dynamic, and interesting. A brief description of the available tools are given below

- Projector- the institution has provided projectors to every dept. apart from installing the same in the conference hall, digital classrooms and in other such facilities.
- Computers- All the departments and the college library are equipped with desktops
- Computer lab/ language lab- Specialized subjects are facilitated with computers
- Laptops- the administrators of IQAC, Career counselling, library and the principal office use laptops
- Modem- The teaching learning outcome of the institution is effectively done through internet facilities generated through modems
- Pen drive- Data transfer in the form of reading materials for the students and the teachers are done through pen drives.
- Printer- Various reading materials are printed to deliver among students
- N-list- Students are encouraged and enrolled to avail resources from inflibnet N-list
- Podium – The institution has mic and speaker facilities in the halls to cater to the needs of the students

In short, the teachers apply these ICT tools in classroom delivery for optimum benefits of students.
