SRL I respect your opinion  
But before pointing on studies. Dont you think, if the  
government have strict rules and observations then  
they would create a better society. If government  
can give rules and criteria on a job profile, why not  
there are some job certificates based on study  
they've done. I mean, where have they studied to  
get the degree etc.

Bhaskarji Neog 12:21  
India's New Education Policy (NEP) has scrapped  
the MPhil degree. Do you think it is good to scrap  
directly the Ph.D after getting Master's degree?  
What are the linkages between critical thinking  
and research degree like MPhil?
