Ref. No. ...K.C.I.P.U...M.B.S/24-124

Date.....24.10.2024

Policy for Green Campus/Plastic free Campus and Waste Management

The College has maintained its own Green Campus/ Plastic Free campus and Waste Management and in this policy, several areas have accorded priority:

- 1. Plastic free Campus:** The college has always tried to maintain plastic free campus. In compliance with this vision, the institution has reduced the use of single use plastic as much as possible. Dustbin has been placed in different places of college campus. The college has also used plastic usable bottles for decorative purposes.
- 2. Maintenance of Water Bodies:** The College is also using rainwater harvesting facility in the rooftop of the College Auditorium to provide the water for the students for various purpose.
- 3. Use of Bicycles and E-Rikshaw:** A large number of students and a few numbers of teaching and non-teaching college staff are using bicycles and E-Rikshaw. Moreover, the college has introduced green practice by ordering a notice that once a week the students as well as the teaching and non-teaching staff would have to use either bicycle or public transport to come to the college.

Kamargaon College, P.O. - Kamargaon, Dist.- Golaghat, Assam, PIN- 785619

Contact No. : 9101174235

Email : kamargaon785619college@gmail.com

Website : www.kamargaoncollege.com

- Plantation commercially profitable plantation/fruit:** The college always pays special attention for plantation programmes on any occasion like World Environmental Day, Earth Day, etc. The students also carry out plantation programme in the Farewell Day. The College authority regularly maintains these plants and trims at regular intervals. Seasonal flowers are also *planted* for enhancement of beauty of the college campus.
5. **Policy on alternative sources of energy and energy conservation:** The college lays special emphasis on alternate sources for reduction of conventional energy consumption. The college has facilities for the use of LED bulb, sensor-based bulb as well as the solar energy.
 6. **E-waste management:** The institution has augmented initiatives for the management of electronic waste keeping in view the hazards of plastics and such non-degradable items. In this direction, a separate room has been allocated and the accrued waste is stored there. Sometimes, those e-wastes are sold for re-cycling and re-use.
 7. **Single use plastic:** The institution has given impetus in restricting single use plastics in the campus at the best possible extent. Students are encouraged not to use single-use plastic for a healthy tomorrow and environmental wellbeing. Besides, the institution has also managed to re-use of single plastic whenever and wherever possible. As a part of beautification, used water bottles have been used in the construction of an altar portraying the tricolour and 'I love KGC'. This has been done in compliance with the idea of 'reduce reuse and recycling'.
 8. **Avoidance of toxic and chemical substance:** The institution has barred the use of toxic and chemical substances at its premises for environmental protection and biodiversity conservation. Therefore, emphasis has been laid on organic farming and Add-on Courses like Vermicompost, Mushroom Cultivation, etc. have been introduced.

Collaboration with govt. departments for green campus and plantation: The institution will put special thrust in collaboration with the concerned government departments for plantation and increasing green cover in the campus and beyond the campus. The institution has regularly collaborated with the Forests Department of Assam government as well as the Kaziranga National Park for awareness on environmental degradation and conservation of the biodiversity of the region. Street Plays are performed in this direction involving students and masses to pave the way for a sustainable future.

10. **Celebration of days of national/international importance.:** The institution has observed days of national and international importance in connection environment and the planet Earth. The institutions, thus, observes such days as World Environment Day, Earth Day, Rhino Day, etc. for creating necessary awareness on environmental wellbeing among masses, students and all stakeholders. Also, street plays like *Bonani* have been performed involving nearby schools and students.
11. **Green and Environmental audit:** The institution has made efforts to audit the environmental and green status of the campus. Green and environment audits have been done by government officers like Divisional Forest Officer (DFO), Golaghat. Local NGOs like *Prajanmo* have also been involved in green and environment audit.
12. **Cleanliness drives involving students:** Regular cleanliness drives are conducted inside and outside the campus involving the students. The NSS, IQAC, Eco Club and Women Cell are constantly engaged in imparting lessons on cleanliness and hygiene through such drives. Several workshops besides daylong cleanliness drives have been conducted in the last five years.

KAMARGAON - 785619
GOLAGHAT, ASSAM

5. **Paperless office:** Emphasis has also been put on paperless office communication and digital platforms like email, WhatsApp, Google Classroom, etc. are used as the maximum possible extent keeping in view environmental decay.
14. **Sanitary Napkin vending machine as a part of biodegradable waste management:** The institution has made immense efforts to manage the bio-degradable wastes in the campus. In the Women's Hostel located in the campus, a vending machine for disposal of sanitary napkins has been installed.
15. **Dustbin Installation:** The institution has installed dustbins at different places in the campus to make the campus green and environmental friendly. Students have been imparted significance and lessons of cleanliness through such initiatives.
16. **Water Conservation slogan:** Various slogans have been scripted at different places in the campus to aware students and all others about the need and significance of water conservation.

On the whole, the institution has relentlessly worked towards maintaining a green and clean campus as well as creating awareness among people through different practices mentioned above and adhering to its green policies.

The College is situated in a rich biodiversity region, and the Northern and Eastern boundaries of the famous Kaziranga National Park are just about 20 kilometers. In the light of this, maintaining, protecting and conserving the rich flora and fauna is crucial. The college has undertaken awareness and extension programmes to sensitize students and masses about the growing environmental degradation and climate changes. The institution has undertaken numerous green campus initiatives in the last five years i.e. 2019-20 to 2023-24, and here is added a detailed report of the green initiatives:

DETAIL REPORTS OF GREEN CAMPUS INITIATIVES

7-Day Workshop on *Clean India Campaign (Swachh Bharat)*

Organized by: NSS Unit of Kamargaon College

Date: October 25th to October 31st, 2021

Total Participants: 602

The NSS Unit of Kamargaon College organized a 7-day workshop from October 25 to 31, 2021 as part of the Clean India Campaign (Swachh Bharat). This initiative aimed to raise awareness about cleanliness and hygiene, encourage community participation, and foster a sense of responsibility among students and local residents. The workshop was undertaken to educate participants about the importance of cleanliness and sanitation, engage the community in various cleanliness drive, promote the principles of Swachh Bharat Mission as

PRINCIPAL

GOLAGHAT, ASSAM

well as develop leadership and organizational skills among NSS volunteers. The workshop comprised various activities including an Inauguration Ceremony on October 26 attended by college faculty, NSS coordinators, and student volunteers. The chief guest emphasized the importance of cleanliness in daily life. In the workshop, Awareness Sessions were carried out each day on topics such as waste management, the impact of plastic pollution, and the significance of sanitation in public health. Cleanliness Drives were also carried out in the college campus, local areas, public spaces, lower primary school, and model village. Volunteers collected litter, planted saplings, and distributed pamphlets to educate residents about waste segregation. Cultural programs including dances and songs, were organized to convey messages about cleanliness in an engaging manner. These performances highlighted the significance of the Swachh Bharat Mission and encouraged community involvement. The 7-day workshop on the Clean India Campaign was a significant step towards promoting cleanliness and hygiene in the community. The active participation of 602 individuals demonstrated a collective commitment to the principles of Swachh Bharat.

Earth Day Celebration in 2022

Event Title: Celebration of Earth Day

Date: April 22, 2022

Organized by: Internal Quality Assurance Cell (IQAC), Kamargaon College

Theme: Invest in Our Planet

Location: Kamargaon College

Key Speaker: Rupom Saikia, Journalist and Honorary Warden, Kaziranga National Park

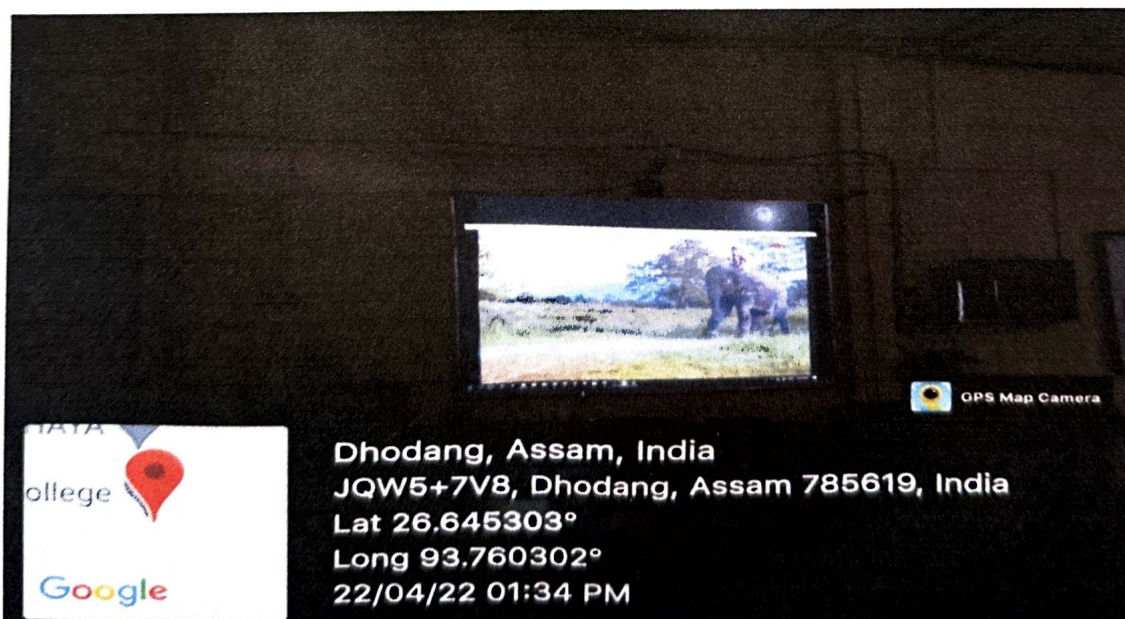

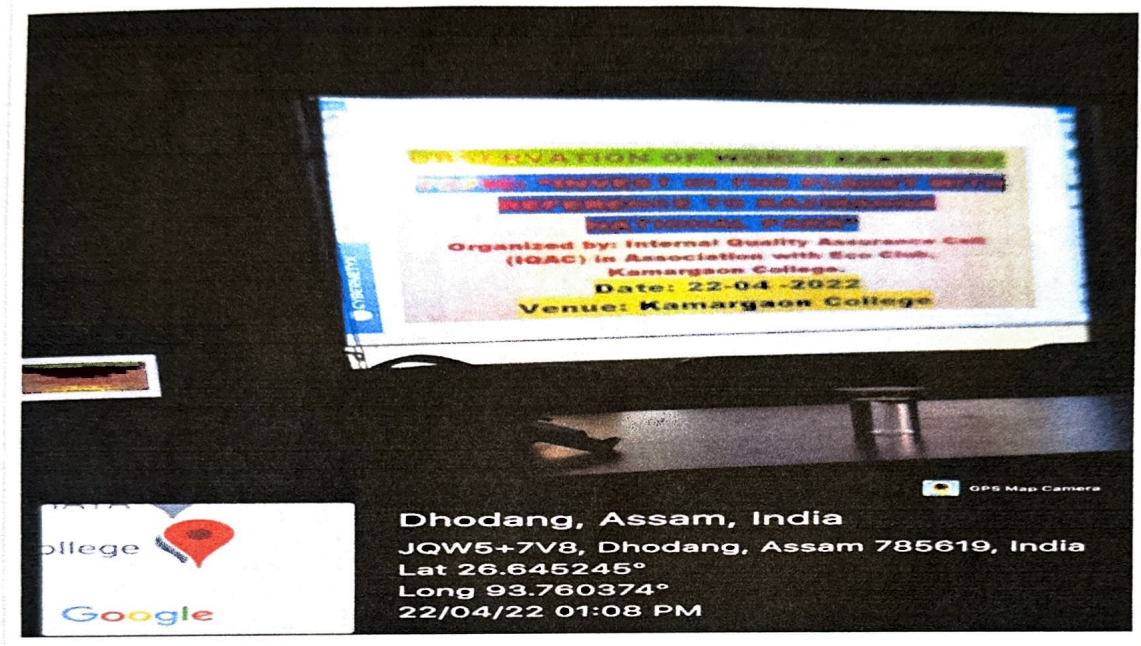

Total Participants: 83

Kamargaon College celebrated Earth Day on April 22, 2022 with a focus on the theme "Invest in Our Planet." The event was organized to raise awareness about environmental conservation and highlight the significance of sustainable practices in preserving natural ecosystems. The celebration featured Rupom Saikia, a respected journalist and honorary warden of Kaziranga National Park, as the key speaker. The event commenced with a welcome address by the coordinator of IQAC, who emphasized the importance of Earth Day and the need for collective action to safeguard the environment. Following this, Rupom Saikia delivered an insightful talk that underscored the crucial role of Kaziranga National Park in biodiversity conservation and its impact on local communities. The event witnessed enthusiastic participation from 83 individuals, including students, faculty, and local community members. Interactive discussions followed the presentation, allowing participants to ask questions and share their thoughts on environmental issues. This engagement fostered a sense of responsibility and commitment among attendees. Thus the

Planatation Drive at Kamargaon College
Location: Kamargaon College Campus

Organized by: NSS Unit of Kamargaon College

On August 1, 2022, the National Service Scheme (NSS) Unit of Kamargaon College organized a plantation drive on the college campus. This initiative aimed to promote environmental awareness, enhance the campus greenery, and contribute to the overall well-being of the community. The primary objectives of the plantation drive were to increase green cover on the college campus, raise awareness about the importance of trees and their role in combating climate change and encourage students to participate in environmental conservation activities. In the plantation drive, NSS volunteers, faculty members, and students participated enthusiastically. Besides briefing the volunteers about the importance of the drive and the types of plants to be planted, volunteers were divided into groups, each assigned specific areas of the campus for planting. A variety of saplings, including fruit-bearing trees and ornamental plants, were planted to enhance biodiversity. The plantation drive helped in increasing green cover, contributing to a healthier environment, enhancing participation and teamwork among students and faculty and heightening awareness regarding environmental issues and the necessity for conservation efforts.

Beautification of College Campus under clean India Campaign

Event Date: 7th October 2022

Organized by: NSS Kamargaon College

Total Participants: 32

On 7th October 2022, the National Service Scheme (NSS) unit of Kamargaon College organized a beautification drive as part of the Clean India Campaign. The initiative aimed to enhance the aesthetic appeal of the college campus while promoting environmental cleanliness and awareness among students and staff. The basic objectives of the beautification drive were to enhance the visual appeal of the college campus, instill a sense of responsibility towards maintaining cleanliness and promote environmental sustainability through tree planting and gardening. A total of 32 enthusiastic participants, including NSS volunteers and college staff, took part in the beautification drive. Their collaborative efforts demonstrated a strong commitment to the cause. The beautification drive resulted in a significant transformation of the college campus in terms of green cover and beautification.

Awareness Programme on Biodiversity and Nature Conservation through Street Play performance *BONANI*

On November 4, 2022, Kamargaon College organized a street play titled "BONANI," performed by its enthusiastic students to raise awareness about biodiversity. The event aimed to highlight the importance of preserving the rich variety of life forms and ecosystems that surround us. The play was performed by a dedicated group of students, engaging a total of 387 participants. Through dramatic storytelling and expressive performances, they conveyed critical messages about the significance of biodiversity, the threats it faces, and the collective responsibility to protect it. The vibrant depiction of various species and ecosystems served to educate the audience on the interconnectedness of life and the role each organism plays in maintaining ecological balance. This initiative not only showcased the talents of the students but also fostered a sense of environmental stewardship among the community. The event was a significant step toward creating a more informed and proactive public regarding biodiversity conservation. The programme assisted in sensitizing local community and students about environmental degradation and the paramount importance of forest and biodiversity conservation.

Organised a Street Play on Rhino Conservation on the occasion of World Rhino Day

Event: Street Play on Rhino Conservation

Date: September 22, 2022

Organizers: Internal Quality Assurance Cell (IQAC) & Kaziranga National Park

Occasion: World Rhino Day

On the occasion of World Rhino Day, a captivating street play titled "Rhino Conservation" was organized by the IQAC in collaboration with Kaziranga National Park. This engaging performance aimed to raise awareness about the critical plight of rhinos and the importance of their conservation. The play featured a vibrant cast of performers from the Kaziranga National Park who brought to life the struggles faced by rhinos due to poaching, habitat loss, and climate change. Through a blend of drama, music, and dialogue, the narrative emphasized the symbiotic relationship between rhinos and their ecosystem, highlighting their role in maintaining biodiversity. Audience members were not only entertained but also educated about conservation efforts and the urgent need to protect these

magnificent creatures. The play served as a rallying call for community involvement, encouraging everyone to participate in conservation initiatives and to advocate for stronger protective measures. The event was well-received, fostering discussions among attendees about the steps individuals and communities can take to support rhino conservation. It underscored the message that the survival of rhinos is intertwined with the health of our planet, inspiring hope and action for future generations. The initiative helped in promoting environmental awareness and foster a sense of responsibility toward wildlife conservation. All the 330 participants understood their role in safeguarding rhino from the hands of poachers through co-ordination with the park authority.

Plantation drive from 18th July to 15th August, 2022 at College campus and its nearby places

Kamargaon College initiated a comprehensive plantation drive under the Chief Minister's Institutional Plantation Programme which was aimed at promoting environmental sustainability and enhancing green cover in the region. This programme was organized over a span of one month, involving both college students and local community members to increase green cover in and around the college campus, create awareness about the importance of trees and biodiversity, and engage students and the community in environmental conservation efforts. Various indigenous and fruit-bearing trees were planted on the college campus and in nearby villages. Over 100 saplings were planted during the drive. Local residents were invited to participate, fostering a sense of community ownership over the green initiatives. Volunteers were assigned to monitor the growth of the plants over the following months. The drive

PRINCIPAL

helped in significant increase in the green cover on the college campus and surrounding areas, enhanced awareness among students and villagers about environmental issues and strengthened community bonds through collaborative environmental activities.

Plantation in the campus under the Chief Minister's Institutional Plantation Programme

Plantation Drive on September 17, 2023 under Amrit Brikha Aandolan On September 17, 2023, Kamargaon College actively participated in the Amrit Brikha Aandolan, a significant initiative aimed at enhancing environmental sustainability by planting one crore saplings across Assam. The program is part of a monthlong larger movement initiated by the govt. of Assam to combat climate change, promote biodiversity, and foster community involvement in environmental conservation. The primary objectives of the plantation drive were to contribute to the goal of planting one crore saplings in Assam, raise awareness about the importance of trees and their role in maintaining ecological balance, involve students and faculty in hands-on environmental conservation efforts and encourage a sense of

PRINCIPAL

responsibility towards nature among the youth. The event was inaugurated by the principal of Kamargaon College, who emphasized the importance of tree planting in combating climate change and preserving local biodiversity. Volunteers were particularly divided into groups to plant saplings in designated areas around the college campus and nearby community spaces. The event not only enhanced the college's green cover but also instilled a sense of environmental stewardship among participants.

Campus Cleanliness Drive organized by department of Education and department of Assamese on 19-10-2023

Date: October 19, 2023

Organized by: Department of Education and Department of Assamese

Location: Kamargaon College

The Departments of Education and Assamese at Kamargaon College organized a successful Campus Cleanliness Drive on October 19, 2023. The programme was aimed at promoting environmental awareness and fostering a sense of responsibility among students and staff. The initiative was part of a broader effort to enhance the campus's aesthetic appeal and encourage sustainable practices within the community. The event began with an opening address by the heads of both departments, highlighting the importance of cleanliness in our daily lives and its impact on our health and environment. Following the address, participants, including students and faculty, gathered in designated areas of the campus equipped with gloves, bags, and cleaning supplies. Throughout the day, volunteers engaged in various activities such as picking up litter, cleaning pathways, and beautifying the campus by planting flowers and trees. The enthusiasm and teamwork displayed by participants created a vibrant atmosphere, turning a simple task into a community-building experience. In addition to the physical cleanup, emphasis was laid on emphasizing the significance of maintaining cleanliness and the role each individual plays in preserving the environment. The event concluded with a brief reflection session, where participants shared their experiences and ideas for sustaining cleanliness efforts in the future. This event served as a reminder of our

Celebration of World Environment Day in 2024

Date: June 5, 2024

Location: Kamargaon College and Panidihingia L.P. School

Organized by: Internal Quality Assurance Cell (IQAC), Kamargaon College

Total Participants: 83

In 2024, Kamargaon College, in collaboration with Panidihingia L.P. School, organized a series of events to engage students and the community in discussions and activities centered around environmental conservation. A total of 83 participants, including students, faculty members, and local community members, actively engaged in the events. Saplings belonging to various plant species were planted in the campus and at Panidihingia L.P. School. The celebration of World Environment Day at Kamargaon College and Panidihingia L.P. School not only helped in raising awareness about environmental issues but also inspired participants to take actionable steps towards sustainability.

Promoting Green energy by using renewable energy like Solar – energy and E- vehicle

In the face of climate change and environmental degradation, promoting green energy has become a crucial priority. Kamargaon College has also accorded due priority in utilizing renewable energy sources such as solar energy and adopting electric vehicles (EVs). The college opens grounds to harness solar power. This has helped in reducing electricity costs and minimizing reliance on conventional energy sources. Students, faculties and non-teaching staff have increasingly used E-rickshaw as a part promoting environment friendly mode of transportation. All these particularly assisted to educate one and all about the benefits of solar energy, including its sustainability, cost-effectiveness, and contribution to reducing carbon footprints. In its future vision, Kamargaon College aims to increasingly use solar energy and promoting electric vehicles to contribute to environmental sustainability. These initiatives are not only aimed at becoming a green institution but also empower students to become environmentally conscious citizens.

Water Conservation

Rainwater Harvesting Unit at Kamargaon College

Kamargaon College has implemented a Rainwater Harvesting Unit which was designed to capture and store rainwater effectively. This unit features a 1500-liter water tank that plays

a crucial role in supporting the college's day-to-day activities. The primary purpose of the rainwater harvesting system is to reduce dependency on external water sources and promote sustainable water management within the campus. The stored rainwater is utilized for various non-potable uses, including watering gardens, washing purposes including hands and maintaining green spaces around the college. By harvesting rainwater, Kamargaon College has tried to contribute to environmental sustainability. This has helped to recharge groundwater levels, reduce surface runoff, and minimize erosion. Additionally, it raises awareness about water conservation among students and staff, encouraging a culture of sustainability on campus. In summary, the Rainwater Harvesting Unit at Kamargaon College exemplifies an effective approach to resource management, promoting ecological balance and supporting the college's operational needs.

Clean and Green Initiatives

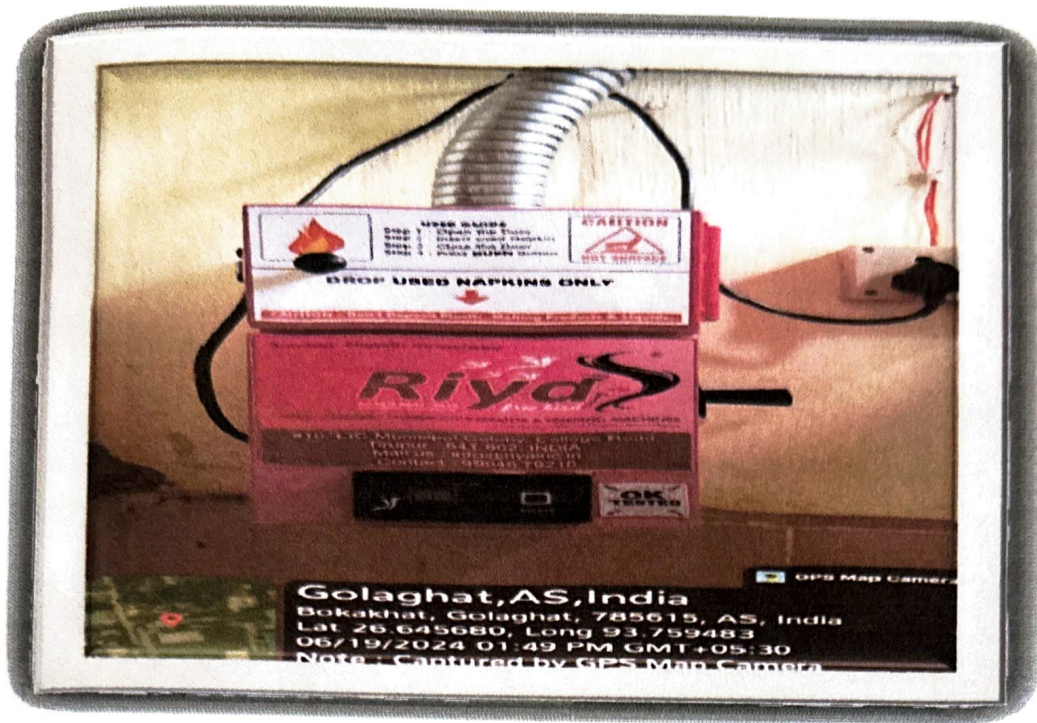

Installation of a Sanitary Napkin Disposal Machine at the Girls Hostel

In an effort to promote hygiene and ensure the well-being of female students, a sanitary napkin disposal machine has been installed in the College Girls' Hostel. This machine serves as a vital resource for the proper and clean disposal of used sanitary napkins, addressing a significant aspect of menstrual hygiene management.

The machine provides a discreet and hygienic way to dispose of used napkins, reducing the risk of odors and unsightly waste in common areas.

By ensuring proper disposal, the machine helps minimize the environmental impact of menstrual waste, promoting sustainable practices. The availability of the disposal machine encourages students to dispose of their sanitary products responsibly, fostering a culture of cleanliness and consideration for shared spaces. The machine is procured keeping in view the aspects of the ease of use, making it accessible for all residents of the hostel, which is crucial for encouraging regular use. The installation of the sanitary napkin disposal machine reflects commitment to creating a supportive environment that respects and addresses the needs of all students.

Bamboo Dustbins at Kamargaon College Campus

In a proactive step towards promoting environmental sustainability, Kamargaon College has installed bamboo dustbins in every corner of the campus. These bamboo dustbins have been installed to create a plastic-free environment and fostering eco-friendly practices among students and staff. Made from natural bamboo, these dustbins are biodegradable and reduce reliance on plastic materials, aligning with the college's environmental goals. The visible presence of these dustbins serves as a constant reminder for everyone on campus to dispose of waste responsibly, encouraging a culture of cleanliness and respect for nature. The natural look of bamboo complements the college's landscape, adding to the overall beauty of the campus while promoting an eco-conscious atmosphere. The initiative encourages students to participate in maintaining a clean environment and can inspire further projects aimed at sustainability. By implementing bamboo dustbins, Kamargaon College not only addresses waste management but also sets an example for other institutions to follow. Together, we can contribute to a healthier planet and a cleaner community.

Organic Mushroom Cultivation at Kamargaon College

Mushroom cultivation has gained significant attention in recent years due to its nutritional benefits, low resource requirements, and potential for income generation. In line with this, Kamargaon College, located in Golaghat district, Assam, has initiated the installation of a mushroom cultivation unit. A Mushroom Development Add-on course has been introduced to make students aware of the benefits of mushroom cultivation. The unit has been installed to equip students with practical skills in mushroom cultivation, provide a platform for students and faculty to initiate activities in sustainable agriculture, promote sustainable practices in the local community and encourage entrepreneurship and educate students and the community about the nutritional benefits of mushrooms. Identifying a suitable location within the college premises and ensuring accessibility and proximity to water and electricity sources, the institution imparted training to Faculty members covering aspects of the selection of mushroom species (e.g., oyster and button mushrooms), preparation, inoculation, and harvesting techniques as well as pest management and quality control. Local agricultural waste such as paddy straw and sawdust were sourced to serve as substrate for mushroom growth, promoting sustainability. From the installed unit, students have able to

gain practical experience in mushroom cultivation, enhancing their understanding of agricultural science, biology, and environmental sustainability. Students are encouraged to explore entrepreneurial opportunities through mushroom cultivation, potentially leading to self-employment and local job creation. It has also assisted greatly in promoting awareness about sustainable agricultural practices, encouraging students and the community to adopt eco-friendly methods. Hence, by fostering hands-on experience and other opportunities, the initiative has not only enhanced the academic environment but also contributed to the socio-economic development of the local community. Such initiatives hold promise for enriching educational experiences and fostering a sustainable agricultural future in Assam.

ICSSR Sponsored national Seminar on November 9 & 10, 2023 on
*Climate Change and its impact in North-East India: Understanding
Recent Trends and Patterns*

The ICSSR-sponsored national seminar on "Climate Change and Its Impact in North-East India: Understanding Recent Trends and Patterns," organized by Kamargaon College, aimed to explore the unique challenges posed by climate change in the region. It brought together researchers, policymakers, and practitioners to discuss recent trends, assess environmental impacts, and share sustainable practices. The seminar highlighted the importance of local adaptation strategies, the role of indigenous knowledge, and collaborative efforts to mitigate climate change effects on vulnerable communities in North-East India. Insights from various presentations and discussions underscored the need for urgent action and further research in this critical area.
