

The department has integrated Environment and Sustainability issues in curricular and co-curricular areas for optimum development of students and society. A detailed account of Environment and Sustainability addressed in curricular and co-curricular issues is provided here:

Environment and Sustainability

1. Classroom transaction of Environment and Sustainability is done through the teaching of courses like **Environmental Science** (VAC-3 for students of 2nd semester, FYUGP).
2. Environmental and sustainability issues are imparted to students through their **participation in extension and community outreach programmes/ workshops** like World Environment Day, Earth Day, Plantation and Cleanliness Drive, awareness on biodiversity, etc. conducted by the NSS, IQAC, Women Cell, and other cells/committees/club.
3. Environment and sustainability issues are imparted to students through the **maintenance of a green campus** and the promotion of electronic vehicular movements like e-rickshaws. The significance of **solar energy** is also explained to students and solar units have been installed in the campus.
4. Besides these curricular and co-curricular transactions, the **National Seminar** sponsored by govt. agency like ICSSR, New Delhi on **Climate Change and its Impact in North-East India** on November 9 & 10, 2023. Students were also given opportunities to become a part of the event.
5. Students of the department are enrolled in Add-on courses like **Vermicompost and Mushroom Development** to promote environmental awareness and sustainability.
